RESERVATORIUM

UTMOST SERENITY IN THE HEART OF THE CITY

Because the perfect life is multi-dimensional and cannot be placed within the confines of a simple definition, IDEO Q SUKHUMVIT 36 is designed to be a reservatorium, where such a complex identity is freely expressed and where all of life's different needs are met.

As soon as you step onto the premises, you will be greeted with a welcoming embrace of sustainably-sourced foliage preserved exclusively for you.

BLACK BIONIC

At the very core of IDEO Q SUKHUMVIT 36's futuristic design lies the attention to every detail that enhances your quality of life, while state-of-the-art Bio Layer technology brings life to every inch of the living space.

The dynamically curvaceous design embodies the active and fluid lifestyle juxtaposed with the calming and unflustered depth of black. Every unit affords a great deal of freedom from interference and an unobstructed view of Bangkok's skyline.
