STILL

SUKHUMVIT 20

SILENT · TIMELESS · STILL

In a world of noise and constant motion, STILL represents a new language of prestige:
Silent and Timeless in Luxury Living. This is not luxury that shouts, but one that speaks
softly — through the calm of timeless design, the serenity of curated spaces, and the
comfort of a home that understands you.

Created for individuals who value taste over display and heritage over trends,
STILL is where stillness itself becomes the ultimate status — a sanctuary of elegance
in the heart of Sukhumvit.

Some addresses speak for themselves. Main Road Sukhumvit is one of them — rare, prestigious, and deeply connected to the rhythm of Bangkok. STILL is surrounded by the city's finest: the EM District at your doorstep, green sanctuaries like Benchakitti Forest Park and Benchasiri Park, and the convenience of international schools, world-class hospitals, and expressway access.

It is a location that balances vitality with serenity, offering you the privilege of living at the heart of it all, while always returning to a sanctuary of stillness.
